[redacted] Comment, [redacted] which followed those which carried units of the 57th Gds Ktz Rifle Div and corps troops of the XXIX Gds Ktz Rifle Corps to the Kindel troop training grounds and which were mentioned in the referenced report, and the trains from the area of Halle to the Donndorf on the Unstrut River railroad station are of interest. These trains carried units of the 21st Gds Ktz Div. The Donndorf on the Unstrut River railroad station is situated on the north edge of the Lossa troop training area, a new training area, which is under construction. This confirms the assumption that the 21st Gds Ktz Div was probably transferred to the area of Lossa for its summer practices. [redacted] The train from Buchenwald to Bai Koenen carried elements of the 19th Gds Indep Engr Bn, [redacted] of the Eighth Gds Army, which thus is confirmed until 25 April 1952. [redacted] was previously reported as having been unloaded at Altengrabow.

[redacted] is known in Naumburg. As 17 AA guns of the 57th Gds Ktz Rifle Div were unloaded on 26 April in Altengrabow from this shipment, [redacted]

[redacted] Accordingly, the battalion is confirmed in Naumburg until 25 April 1952.
